• Being able to do business

Qualification through audits

- Being able to do business
  - Obstacles
    - Legislation; insufficient or unfair
    - Taxes and duties imposed, not recoverable
    - Commercial proposal uncompetitive

#### **The Ten Principles**

The UN Global Compact's ten principles in the areas of human rights, labour, the environment and anticorruption enjoy universal consensus.

#### • Human Rights

- <u>Principle 1</u>: Businesses should support and respect the protection of internationally proclaimed human rights; and
- <u>Principle 2</u>: make sure that they are not complicit in human rights abuses.
- Labour
  - <u>Principle 3</u>: Businesses should uphold the freedom of association and the effective recognition of the right to collective bargaining;
  - <u>Principle 4</u>: the elimination of all forms of forced and compulsory labour;
  - Principle 5: the effective abolition of child labour; and
  - <u>Principle 6</u>: the elimination of discrimination in respect of employment and occupation.
- Environment
  - <u>Principle 7</u>: Businesses should support a precautionary approach to environmental challenges;
  - Principle 8: undertake initiatives to promote greater environmental responsibility; and
  - <u>Principle 9</u>: encourage the development and diffusion of environmentally friendly technologies.
- <u>Anti-Corruption</u>
  - <u>Principle 10</u>: Businesses should work against corruption in all its forms, including extortion and bribery.
